Southern Arkansas Opens Track & Field Season

Magnolia, Ark. - The 2005 track and field season will be ushered in Thursday by Southern Arkansas University at home against the Harding University Bisons and Lady Bisons. Field events in the dual meet begin at 2:15 and running events start at 3 p.m. Arkansas Tech University is expected to compete in the women's division.

The Muleriders and Lady Muleriders will not open against a soft opponent. Harding has been a dominant track and field power in this part of the country in NCAA Division II for many years.
