DEFINITIONS

"Hospital" means a facility which meets all of these tests: (a) it provides room and board services and nursing services 24 hours a day; and (b) it has established facilities for diagnosis and major surgery; and (c) it is supervised by a Doctor; and (d) it is run as a Hospital under the laws of the jurisdiction in which it is located.

Hospital does not include a place run mainly: (a) as a convalescent home; or (b) as a nursing or rest home; (c) as a place for custodial or educational care; or as an institution run for rendering treatment or services for Mental or Nervous Disorders; or substance abuse. The term "Hospital" includes: (a) an ambulatory surgical center or ambulatory medical center; and (b) a birthing facility certified and licensed as such under the laws where located. It shall also include rehabilitative facilities if such is specifically for treatment of physical disability.

"Mandated Benefits" means a Sickness or Injury for which medical care, treatment, diagnosis, or advice was received, or of which symptoms were first manifested within 6 months prior to the Covered Person's effective date of coverage under the Policy; or a pregnancy existing on the Covered Person's effective date of coverage under the Policy.

"Medical Necessity/Medically Necessary" means that a drug, device, procedure, service or supply is necessary and appropriate for the diagnosis or treatment of a Sickness or Injury based on generally accepted current medical practice in the United States.

A service or supply will not be considered as Medically Necessary if: (a) it is provided only as a convenience to the Covered Person or provider; or (b) it is not the appropriate treatment for the Covered Person's diagnosis or symptoms; (c) it exceeds (in scope, duration or intensity) that level of care which is needed to provide safe, adequate and appropriate diagnosis or treatment; or (d) it is Experimental/Investigational or for research purposes; or (e) could have been omitted without adversely affecting the patient's condition or the quality of medical care; or (f) involves treatment of or the use of a medical device, drug or substance not formally approved by the U.S. Food and Drug Administration (FDA); or (g) involves a service, supply or drug not considered reasonable and necessary by the Center of Medicare and Medicaid Services Issues Manual; or (h) it can be safely provided to the patient on a more cost-effective basis such as outpatient, by a different medical professional or pursuant to a more conservative form of treatment.

The fact that any particular doctor may prescribe, order, recommend, or approve a service or supply does not, of itself, make the service or supply Medically Necessary.

"Pre-Existing Condition" means a Sickness or Injury for which medical care, treatment, diagnosis, or advice was received, or of which symptoms were first manifested within 6 months prior to the Covered Person's effective date of coverage under the Policy or a pregnancy existing on the Covered Person's effective date of coverage under the Policy.

"Sickness" means an illness, disease, pregnancy, and complications of pregnancy which begin after the effective date of a Covered Person's coverage. All related conditions and recurrent symptoms of the same or similar condition will be considered the same Sickness.

"Reasonable and Customary" means the charge, fee or expense which is the smallest of: (a) the actual charge; (b) the charge usually made for a covered service by the provider who furnishes it; (c) the negotiated rate, if any; and (d) the prevailing charge made for a covered service in the geographic area by those of similar professional standing.

REDUCTIONS AND LIMITATIONS

Excess Provision: Benefits available (applies to all plans) for Injuries are excess and secondary to any other health insurance coverage you may have in force. Benefits for a Sickness will be coordinated with other health insurance coverage you may have in force.

Pre-existing: Pre-existing Conditions are not covered for the first 12 months following a Covered Person’s Effective Date of coverage under the Policy. This limitation will not apply if: 1) The Covered Person has been covered under the Policy for more than 12 months; or 2) (a) The individual seeking coverage under the Policy has an aggregate of 18 months of Creditable Coverage and becomes eligible and applies for coverage under the Policy within 63 days of termination of prior Creditable Coverage (We will credit the time the individual was covered under prior Creditable Coverage); and (b) whose most recent prior Creditable Coverage was under an employer group health plan; and (c) who

It is the student's responsibility to confirm that their premium is paid/received and to make payments on the Due Dates whether or not a billing statement is received.

TERMINATION OF INSURANCE

Coverage terminates for the Covered Person at 11:59 p.m. on the earliest of: (a) The termination of the Policy; (b) The last day of the Term of Coverage for which premium is paid (as shown on the enrollment form); (c) The last date of the period for which Premium has been paid following the date a Dependent ceases to be a Dependent as defined; (d) The date a Covered Person enters full-time active military service. Upon written request, we will refund any unearned pro-rata Premium with respect to such person. Benefits are payable only for those Covered Medical Expenses incurred while the Policy is in effect as to the Covered Person. Expenses incurred after the insured's termination of insurance are not covered.

CONTINUOUSLY INSURED

Persons who have remained continuously insured under this plan and prior Student Health Insurance policies issued to the University will be covered for a Sickness or Injury originating while so continuously insured, provided continuous insurance is maintained; however, Optional Major Medical Plan coverage will not apply if purchased after initial enrollment. Previously insured persons who re-enroll for coverage on or before the specified Effective Date for the next Term of Coverage will have maintained continuous insurance. A person not so enrolled will have a break in continuous insurance, and any condition originating during or before the break will be considered a Pre-existing Condition. Certificates for other creditable coverage should be presented upon initial enrollment.

The purpose and intent of this provision shall apply separately to the Optional Major Medical Plan, if purchased.

CERTIFICATE OF CREDITABLE COVERAGE

Your coverage under this health plan is “creditable coverage” under Federal law. When your coverage terminates, you can request a Certificate of Creditable Coverage, which is evidence of your coverage under this health plan. You may need such a certificate if you become covered under a group health plan or other health plan within 63 days after your coverage under this health plan terminates. If the subsequent health plan excludes or limits coverage for medical conditions you have before you enroll, this Certificate may be used to reduce or eliminate those exclusions or limitations. A Certificate of Creditable Coverage may be requested on-line at www.macori.com or in writing from Macori Administration, P. O. Box 2508, Spring, Texas 77383-2508.

WITHDRAWALS AND REFUNDS

In the event a student withdraws from school during the first 31 days of the period for which coverage is purchased, except medical withdrawal due to a covered Injury or Sickness, there will be no coverage hereunder. Upon the Company's receipt of written notification of such withdrawal, a full refund of premium will be made. A Covered Student who withdraws from school after the 31st day following the effective date of coverage hereunder shall be covered subject to the terms, conditions, limitations, and exclusions of the policy for the remainder of the period for which the premium has been paid and shall not be eligible for a refund of premium. In the event a student withdraws from school due to entry into the armed forces, a pro rata refund of premiums will be made upon the Company's receipt of written notification of such withdrawal.

**STUDENT'S MEDICAL EXPENSE INSURANCE PROGRAM**

The following is a brief description of the benefits of the Student Health Insurance Plan for students of a participating university/college. This Plan is underwritten by National Union Fire Insurance Company of Pittsburgh, Pa. ("the Company"). Complete details of coverage are in the Master Policy issued to the University. It may be inspected during the business hours at the University office listed on your identification card.

**ELIGIBILITY**

All students taking 6 or more credit hours at a participating Arkansas University/College are eligible. (For Arkansas Tech Students - 2 or more credit courses). Home study, correspondence, internet and television (TV) courses do not fulfill the eligibility requirements.

A Covered Student may also enroll his or her eligible dependents in the Plan by completing the enrollment form and remitting the appropriate premium.

Eligible dependents are the student's spouse and unmarried dependent children 19 years of age and younger, residing with the insured student, or 19 years of age and over if dependent upon the Covered Student for support and maintenance and is incapable of self-sustaining employment by reason of mental or physical handicap.

The Company maintains the right to investigate student status and attendance records to verify that Policy eligibility requirements have been met. If the Company discovers that Policy eligibility requirements have not been met, the Company's only obligation is refund of premium.

**Regarding Newborns** – Newborn children (born under the Plan) are covered for Injury or Sickness from birth until 90 days old. Notification and Premium must be received within 90 days after the birth in order for the child to remain continuously insured.

**TERM OF COVERAGE**

This plan covers students and dependents at home, at school, or while traveling, 24 hours a day during the Term of Coverage for which premium has been paid. Coverage becomes effective for a Covered Person at 12:01 a.m. on the Effective Date of the selected Term of Coverage as shown on the enrollment form, or the date premium is received, whichever is later.

The last date to enroll for a Term of Coverage is 31 days from the Effective Date of that Term of Coverage as shown on the enrollment form.

Please note that enrolling after the Effective Date of a Term of Coverage will cause a break in Continuous Insurance. (See "Continuously Insured" section).
